AUTHOR GUIDELINES

A BRIEF SUMMARY

Journal of Tropical Pharmacy and Chemistry abbreviated *J. Trop. Pharm. Chem.*, firstly published in 2010, is a six monthly published, open access, peer-reviewed, and online international pharmacy journal. Journal of Tropical Pharmacy and Chemistry aims to serve the updated scientific knowledge for international researchers in Pharmacy and Chemistry area.

Journal of Tropical Pharmacy and Chemistry is indexed in PKP Index, BASE, Google Scholar, SINTA, CrossRef, and DOAJ.

Journal of Tropical Pharmacy and Chemistry receives the publication article about research results, surveys, and literature reviews which is closely related to the field of pharmacy, health, chemistry and accepts review articles, original research articles and short communications only in English. The journal includes various fields of pharmaceuticals sciences such as Pharmacology and Toxicology, Pharmacokinetics, Community and Clinical Pharmacy, Pharmaceutical Chemistry, Pharmaceutical Biology, Pharmaceutics, Pharmaceutical Technology, Biopharmaceutics, Pharmaceutical Microbiology and Biotechnology, Regulatory Affairs and Pharmaceutical Marketing Research, and Alternative medicines. Peer-review system has been used in the selection of papers. The article published is the result of selection that has been approved by Editors Board. It also has never appeared in another publication.

MANUSCRIPT STYLE

1. The article is written in English and compiled systematically.
2. Original research articles – original research papers which have not been published previously and should not exceed 3000 words (including allowance for no more than 6 tables and figures or other illustrations).
3. Review articles – will be taken into account for publication in the field of the journal's scope. The review should not exceed 5000 words (including allowance for no more than 6 tables and figures or other illustrations).
4. Short communications – Short communications of up to 1500 words, describing work that may be of a preliminary nature but which merits immediate publication.

The manuscripts should be divided into the following sections:

- a. An abstract (maximum 150 words) embodying the main conclusion and giving the essential information and accompanied with 3 -5 key words
- b. Introduction – should give the research objective and a brief statement of previous relevant work with references;
- c. Methods
- d. Results and Discussion
- e. Conclusion
- f. Acknowledgement
- g. References

The article is written in English with Arial font number 12, double space, maximum 14 pages, and with margin 4, 4, 3 and 3 from top, left, bottom and right, respectively.

All illustrations including figures, charts and graphs, must be labelled (in the bottom), numbered (1, 2, 3 etc.) and supplied on separate pages from the text. The desired placement of illustrations in the text should be clearly indicated. These illustrations should be referred to and numbered serial, as figures. All illustrations should be clearly drawn in permanent ink or photographed in sharp black and white and reproduced in the form of high – contrast glossy prints or digital images and provided in camera ready form.

Reference list format is based on Numbered style. Reference list should appear at the end of the article and includes only literatures actually cited in the manuscripts. Author should use reference management tool such as Mendeley, End Note, and Grammarly. References are ordered numbered. When writing a reference list, please use the following conventions
